

Tokyo Tech

MOOCs for Science and Engineering Symp.
March 9, 2015

About TokyoTechX

@ Tokyo Tech Front

Jeffrey S. Cross

Engineering Professor with Online
Education Development Office (OEDO)
Tokyo Institute of Technology

Outline of talk

- Overview of Japan HE
- Ranking and International Activity
- Student Education Skills Survey Results
- Tokyo Tech Institutional Reform
- Online Education Development Office (OEDO)
- edX & MOOC making for TokyoTechX
- The big picture

Trends in Japan Higher Education

- Internationalization (Englification) - Top Global Univ. (TGU) MEXT fund, 37 Univ., 10 yr
- University Reformation Act - MEXT
- Shift to 4 Terms (Quarters)/yr - 2016
- Adoption of Edu technology - learner focused
- Shrinking 18 year olds population
- Academic Ranking Preoccupation (*GaiAtsu*)

Globalization and Higher Education Reforms in Japan: The Obstacles to Greater International Competitiveness

Tokyo Tech World University Ranking

THE World University Rankings 2013/2014

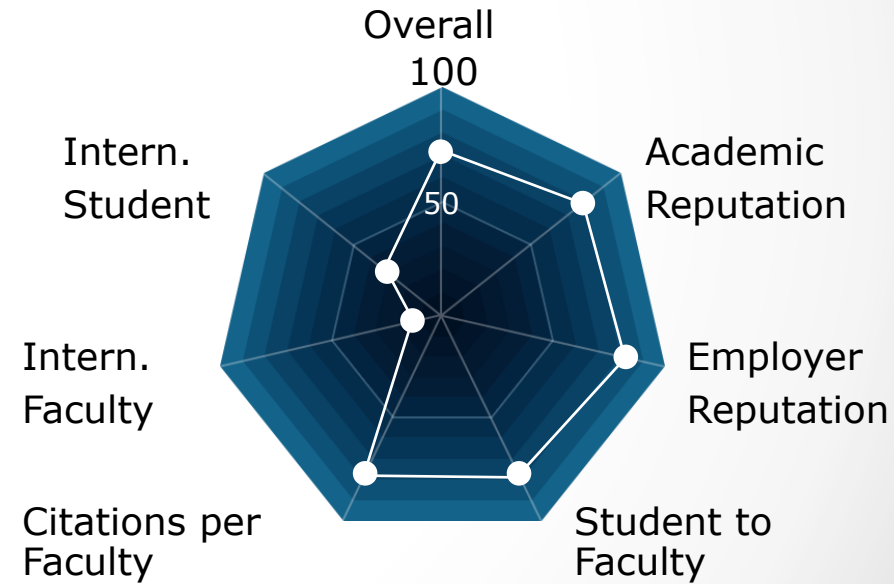

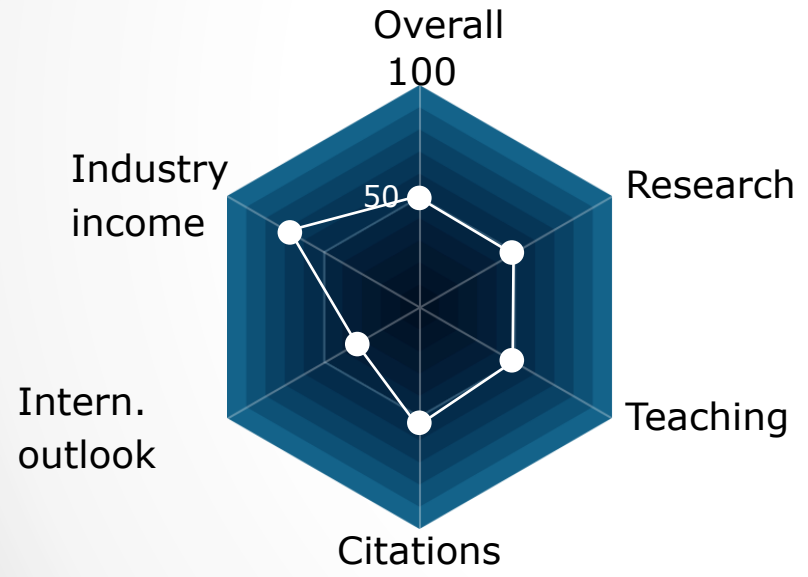

QS World University Rankings 2013/2014

THE 3rd

- Overall: 3rd in Japan (Global: 125th)
- Engineering: 3rd in Japan (Global: 58th)

QS 4th

- Overall: 4th in Japan (Global: 66th)
- Engineering & Technology: 2nd in Japan (Global: 42nd)

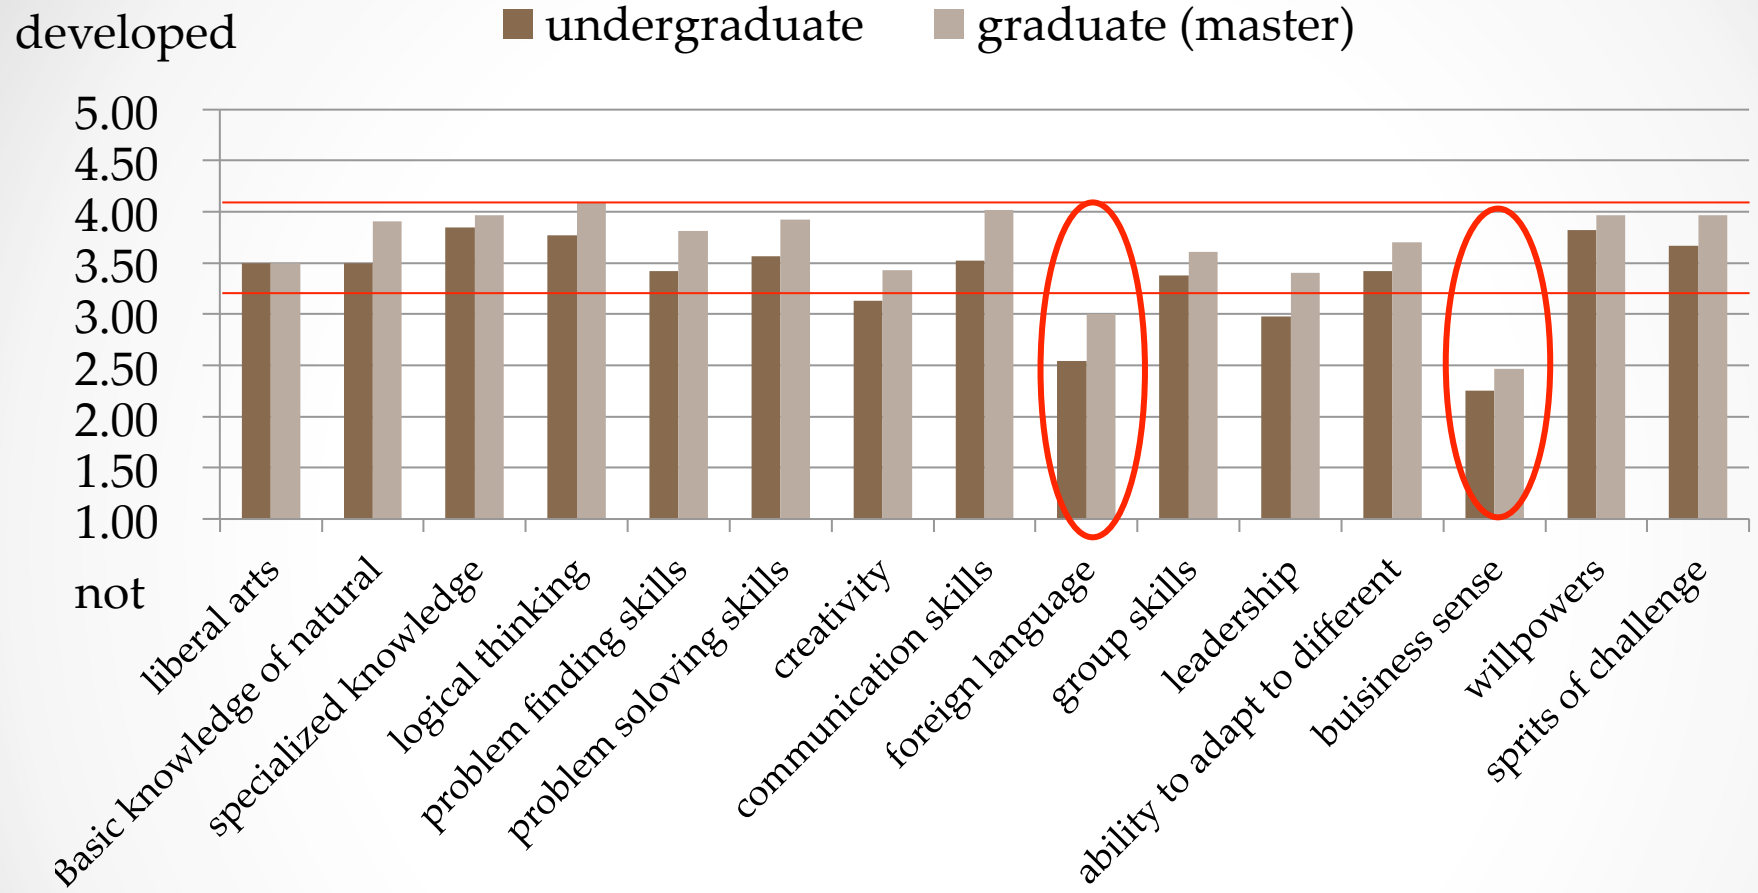

Global Employability University Ranking

- 2013: 2nd in Japan (Global: 25th)
- 2012: 1st in Japan (Global: 15th)

- Survey prepared by Prof. M. Shirabe in Japanese
- Basic information
 - gender, departments, job placement
- Evaluation of education and life
- Knowledge and skills learned
- 140 responses from MS and BS students

Tokodai Engr Graduate Skill Survey 2014

- Lack of English ability (few UG courses) and Business knowledge
- 2014 Started **Cross Border Entrepreneurship Education Program**
- 2016 Reform of Univ. Curriculum (UG/Grad.) – BS/MS integration

Our Research Question/Objective

- **How can online learning with edX and internationalization improve edu at Tokyo Tech? TokyoTechX (MOOCs) + alpha**

Our Goal

Aiming to become
one of the world's top ten
research universities

Education & Admin Reform

Achieve worldwide success in research and innovation & develop infrastructure to enhance research

Leading Research

Produce techno-sci graduates who lead and communicate with society

Globalization

Create a global campus environment on our 3 campuses

Contribution to Global Society

Contribute to society through research and educational achievements

Top Global University Projects until 2024 (funded by MEXT)

Hokkaido University

Tohoku University

University of Tsukuba

The University of Tokyo

Tokyo Medical and Dental University

Tokyo Institute of Technology

Enhancing Tokyo Tech Education and Research Quality
through Administrative Reforms for Internationalization

Nagoya University

Kyoto University

Osaka University

Hiroshima University

Kyushu University

Keio University

Waseda University

Internationalization Project Principles

Provide globally recognized education and research

Share Tokyo Tech Research and Edu. Quality world-wide

Tokyo Tech Reorganization

- Reform the (UG, Grad) schools, depts., curriculum, degrees...
- Institution-wide re-organization
- Internationalization and mobilization
- Englification of Grad courses (UG)
-

Education Reform Outreach & Review

International Symposium on Education Reform

Date: March 14, 2014

Place: Tokyo Tech

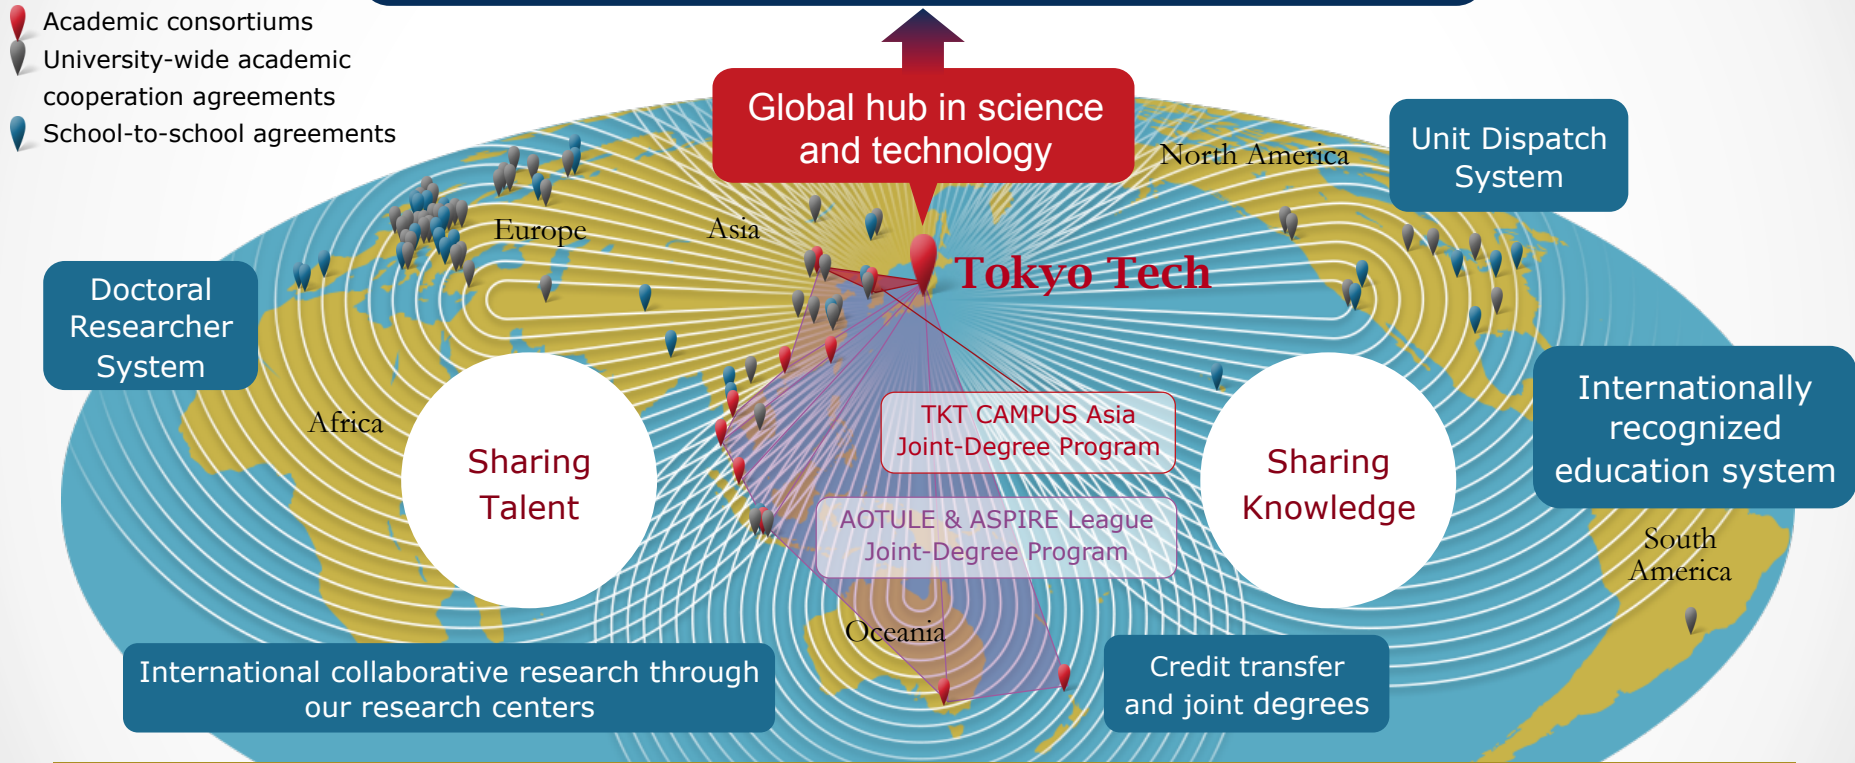

Speakers and Panel Discussion

- Eric Grimson (MIT)
- Ronald Gronsky (UC Berkley)
- Y. Mishima(Tokyo Tech)
- K. Craig-Henderson (NSF)
- Etsuhiko Shoyama (Hitachi)
- Kakutaro Kitashiro (IBM Japan)

Tokyo Tech 10 Years from Now

Tokyo Tech Quality Value and Impact in Education and Research

Sharing Tokyo Tech education and research quality world –wide through mobility and outreach

Tokyo Tech joins edX Oct. 2014 (3 yr)

November 19, 2014

Tokyo Institute of Technology (Tokyo Tech / President: Yoshinao Mishima) announces it has joined the massive open online course (MOOC) edX consortium (see explanations below), founded jointly by the Massachusetts Institute of Technology (MIT) and Harvard University. Tokyo Tech, which aims to be one of the top ten research universities in the world, will provide on-learning opportunities by making a select number of MOOCs available through the edX platform to students from around the world under the course heading "TokyoTechX"^(*). In addition, the institute will also create SPOCs (small private online courses) specifically for Tokyo Tech students by using the "flipped classroom" course format to provide a high quality learning environment.

Merit for joining edX

- to provide quality courses for Tokyo Tech and overseas students, 24/7 access
- to provide online course creation facilities/knowhow to faculty, staff and students
- to improve learning of course content thru research
- to disseminate Tokyo Tech research results worldwide- MOOCs
- to collaborate with edX partners
- Open Studio LMS - course learning outcome assessment - CLOCE - Japan/Aust./Canada

OEDO start-up and capacity building

- Starting from Scratch (No video recording studio)
- Ordered Equipment and design video studio in S3 bldg., operation in July 2015.
- Training TAs and faculty on MOOC production
- Develop online course production know-how and sustainable model
- Raising awareness of OEDO activity – today

Tokyo Tech OEDO Mission Statement

1. To develop an online teaching/learning/research eco-system
2. To develop and run MOOCs with edX emphasizing sci-tech education through research approach for students
3. To become a campus online course knowledge hub
4. Engage online learning experts worldwide to accomplish above mission statements

edX support of Tokyo Tech OEDO

- Manuals on MOOC making and quality check
- edX MOOC web hosting portal
- edX 2nd site “edge” for small private online course (SPOC) – trial site to develop online course
- Training of staff in MOOC making
- Proposals for MOOC making (AP, CLEP, Freshman) & potential funds
- Revenue Sharing Potential – Verified Certificate
- Project Manager – interface
- edX Forum twice/yr – edX partner meeting and conference – best practice sharing etc.

Earth-Life Science Institute (ELSI) - Deep Earth Science MOOC

Prof. Kei Hirose
Director

Overview

- Established in 2012 (10-year project)
- Explore the origin of the Earth and origin of life on Earth by linking Earth and life sciences
- 46 researchers (30% international)
- Funded \$5M (2014) by the Japanese government World Premier International Research Center initiative (WPI)
- In cooperation with
 - Institute of Advanced Study (Princeton, USA)
 - Harvard University
 - Ehime University (Japan)

Discovery Highlights

- Synthesis of hydrocarbons in hot spring environments
- Hydrogen in the Earth's deep mantle
- Presence of significant amounts of water during Earth's formation

New ELSI Building (June 2015)

OEDO MOOC making, DES

Introduction to Deep Earth Science (DES) Parts 1 & 2 What is inside the Earth?

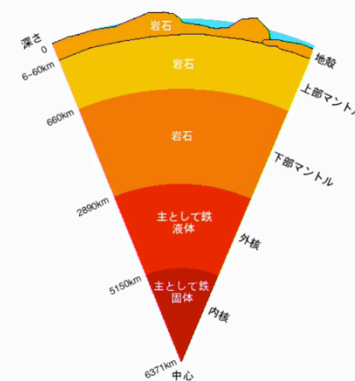

Instructor: Prof. Kei Hirose

Courses Start: Part 1 Sept. 2015, Part 2 TBD

Course Length: 4 weeks each

Crust (6-30km thick)

Crusts are thin and composed of a variety of rocks

Campus building Architecture - award winning 2nd MOOC plan

EEI bldg. - Solar Envelop

Library "Cheese Cake"

Centennial Bldg. "Gundam"

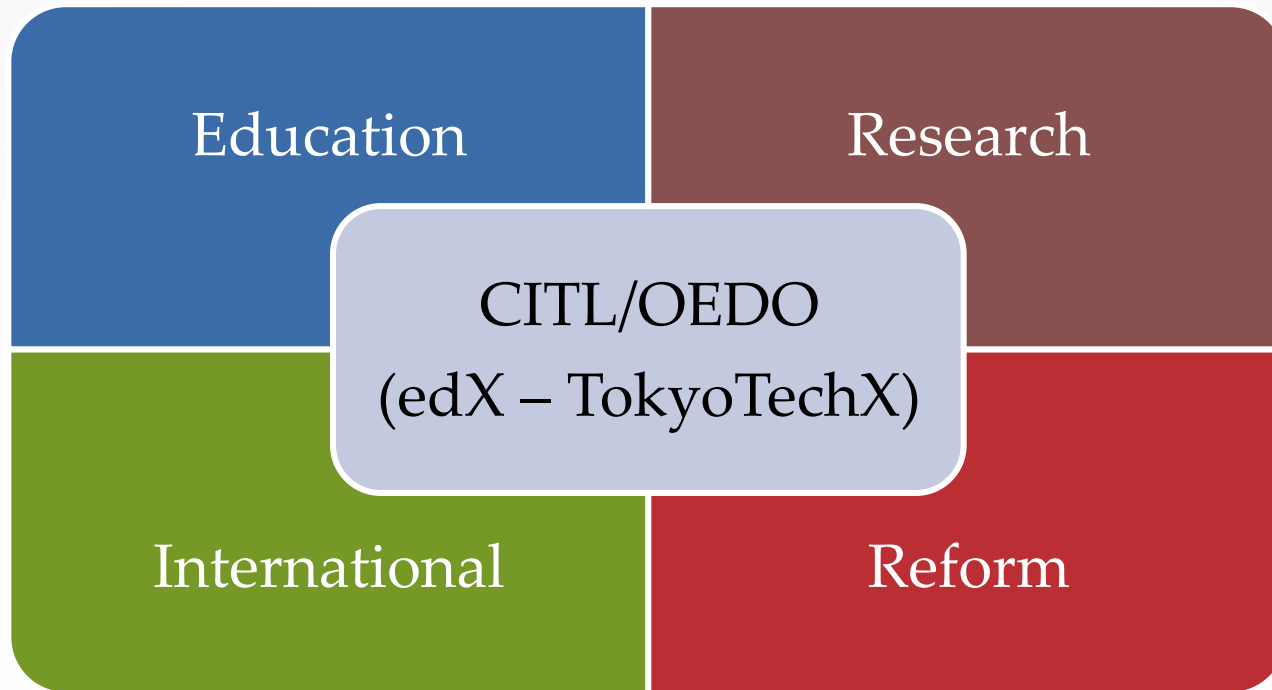

Suzukakedai Hall and J1-2

Japanese Architecture MOOC plan

- Modernist Japanese Architecture (currently no MOOC)
- Learning Objectives: familiarize students with basic knowledge of Japanese modern architecture including campus buildings
- Benefit for Tokyo Tech Faculty/students and outreach
- Course length: 6 weeks
- Planned Kick-off Fall 2015 (continuous)
- Navigator: Dr. David Stewart with support from Tokyo Tech Architecture Faculty

Connecting the Dots - TokyoTechX

- Vision: Utilize online learning (OEDO) know-how and TokyoTechX to achieve Tokyo Tech's goals.
- Fall 2015 – Tokyo Tech online education grad course for TA training (SPOC)

OEDO Online Presence (Facebook, website)
